

# CERTIFICATE OF ANALYSIS

## Quantities and Descriptions

### ENRAMYCIN PREMIX

Batch No.: 20121208

Product Specification: 8%

Quantity: 500kg

Packing: 25kg/bag

Manufacturing Date: 2012.12.08

Expiry Date: 2014.12.07

Execution Standard: Import veterinary drug quality standards(1999)

TEST ITEMS	SPECIFICATIONS	TEST RESULTS
Characters	Should be gray or gray-brown powder; special smell.	Gray-brown powder
Assay	Contain 90.0%~110.0% of the labeled amount of Enramycin	Enramycin: 100.5%
Identification	In the 250-256nm wavelength range with minimal absorption. In the 269-275nm wavelength range of maximum absorption.	The minimal absorbance is at the wavelength of 254nm; The maximum absorbance is at the wavelength of 272nm.
	The color and location of main spots which is the test materials showed, should be the same as main spots of standards.	The same as main spots of standard.
Granularity	Meet the requirements	Conforms
Loss on drying	≤10.0%	7.2%
Conclusion: Complies with Import veterinary drug quality standards(1999).		

This is to certify that We, the undersigned, have inspected/tested the quality of the above mentioned goods and found the result as above.
