**REGULATORY INFORMATION**

**Special precautions for users**

ADR/RID: -

**Transport hazard class(es)**

IMDG: -

**TRANSPORT INFORMATION**

Offer surplus and non-recyclable solutions to a licensed disposal company. Contact a licensed company for disposal see section 13.

**FIRST AID**

Inhalation - May cause respiratory irritation.

Consult a physician.

**STABILITY AND REACTIVITY**

Decomposition temperature:

**Environmental precautions**

Do not let product enter drains.

**ACCIDENTAL RELEASE**

For disposal see section 13.

**FIRST AID**

Inhalation - May cause respiratory irritation.

Consult a physician.

**LABELLING ACCORDING TO REGULATION (EC) NO 1272/2008 [CLP]**

Irritating to eyes, respiratory system and skin.

**Component**

*HMR* - *Hexafluorophosphate - (Benzotriazol-1-yl)carbonyl-2,1,3-benzotriazin-4-yl-3,6-dihydroxy-2H-pyrimidinethioate* - RID: -

**Safety, health and environmental regulations/legislation specific for the substance or mixture**

**REACH**

Registered.

**Other information**

Aspiration

no data available

Inhalation - May cause respiratory irritation.

Specific target organ toxicity - single exposure

Reproductive toxicity

T-PA - germ cell toxicity

no data available

**Occurrence**

no data available

**Purity**

no data available

**Physical and chemical properties**

Relative density (water = 1):

octanol/water coefficient:

Water solubility:

Vapour pressure:

explosive limits:

Initial boiling point:

Melting/freezing point:

pH:

Colour:

Form:

crystalline

**Odour**

Strong oxidizing agents

**Hazard statement(s)**

H315 - Causes skin irritation.

H319 - Causes serious skin irritation.

H335 - Causes eye irritation.

**Precautionary statement(s)**

P305 + P351 + P338 - Wear Form protective gloves and wear protective eye/face (goggles) protection.

P280 - Wear protective clothing / eye protection / face protection.

P273 - Avoid release to the environment.

P301 + P330 + P312 - If释放 occurs: first aid measures are no data available.

P305 - If in eyes: then rinse cautiously with water for several minutes. Remove any contact lenses if present and easy to do. Continue rinsing.

P306 + P341 + P351 + P360 - Follow good hygiene practices.

**Chemical**

Strong oxidizing agents.

**Incompatible materials**

Strong reducing agents, strong acids, strong bases, strong bases, organic peroxides, strong reducing agents.

**Possibility of hazardous reactions**

no data available

**Toxicity**

RTECS: Not available

**General information**

No data available

For nuisance exposures use type P95 (US) or type P1 (EU EN 143) particle respirator. For higher concentration and amount of the dangerous substance at the specific workplace.

Avoid contact with skin and eyes.

Avoid formation of dust and aerosols.

Wear face protection (filter type N95 or equivalent (US) or FFP2 or equivalent (EU)).

For disposal see section 13.

The type of protective equipment must be selected according to the workplace concentration and amount of the dangerous substance.

Wear self-contained breathing apparatus for fire fighting if necessary.

Avoid contact with skin and eyes.

Avoid formation of dust and aerosols.

Wear self-contained breathing apparatus for fire fighting if necessary.

Wear self-contained breathing apparatus for fire fighting if necessary.

For disposal see section 13.

Respirators and components tested and approved under appropriate government standards such as NIOSH (US), CAN/CSA C137.1 (Canada) or EN 143 (EU).

Wash off with soap and plenty of water. Consult a physician.

Wash and dry hands.

If you feel unwell, seek medical advice.

Wash and dry hands. Consult a physician.

**reactivity**

no data available

**mobility in water**

no data available

**stability**

no data available

**bioaccumulative**

no data available

**toxicity effects**

no data available

**Special precaution for users**

Avoid contact with skin and eyes. Avoid formation of dust and aerosols.
